Re: Public Records Request to Port of Longview re: Oil

Dear Miles:

To keep the fees and costs associated with your request at a minimum, we've copied responsive emails onto the enclosed DVD. The password for this DVD is "longview." Please let us know if you have any difficulty accessing these emails.

As the cost of the paper copies, DVD and postage are minimal, there is no charge to Columbia Riverkeeper for these records.

The Port's CEO, Geir-Eilif Kalhagen, suggested that I inform you that the Port of Longview is not presently engaged in any development of any oil import or export facility at the Port. We understand that there may be numerous opportunities in that market; however, we have made no attempts to secure any such product.

Please feel free to contact me if you have difficulties accessing the information or if you have questions about the search process. If we do not hear from you by the close of business on Friday, February 20, we will consider this request closed.

Thank you for your continued interest in the Port of Longview.

Sincerely,

A handwritten signature in blue ink that reads 'Robin Johnson' in a cursive script.

Robin Johnson
Executive Assistant/Public Records Officer
